Commissioner for Patents

See attached pages.

1. The response filed on December 19, 2003 is informal or not fully responsive to the prior Office action because of the following omission(s) or matter(s):

The response has failed to adequately address each and every ground of objection and rejection made by the Examiner as required by 37 CFR 1.111.

By way of example, although the response indicates, at page 34 of the response, that Applicant has amended the claims in accordance with remarks set forth in the Office action," the response does not address, by way of either amendment or argument, many of the objections to the claims made by the Examiner, as well as certain 35 U.S.C. 112, second paragraph, rejections. See the objections with respect to claim 1, lines 6+; claim 2, as well as corresponding parts of claims 9, 11, 23 and 24; claim 4; claim 12; claim 29; and corresponding parts of claims 31-41. Similarly, the 35 U.S.C. 112, second paragraph, rejection of claims 19 and 20 (based on the second access balancing technique); claim 22; and claims 25 and 26 does not appear to have been addressed by way of either amendment or argument.

While the above omissions may seem minor, the prompt development of clear issues **requires** that all objections and rejections made by the Examiner be addressed as required by 37 CFR 1.111.

Since the above-mentioned reply appears to be *bona fide*, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is required to complete the response within a TIME LIMIT of ONE MONTH from the date of this letter. EXTENSIONS OF THIS TIME LIMIT MAY BE GRANTED UNDER EITHER 37 CFR 1.136(a).
